Venice To Buy Site For Fire Station

Contract Awarded For
Work On St. Louis
Approach To Bridge

The Venice city council authorized purchase of a 50-foot lot at the corner of Klein and Brown streets as a site for a future fire station during a regular meeting on Friday night.

A price of \$3900 has been negotiated with the Randall estate, property owner.

It contains a frame home and adjoins city-owned property extending south to the new city garage.

No Immediate Plans
There are no immediate plans to erect a new fire station, Dr. John Lee, mayor, said. The city still is trying to obtain a clear title to an adjacent 25-foot lot which it purchased at a tax sale.

Upon the recommendation of Hardesty & Hardesty, consulting engineers for the McKinley bridge, a contract was awarded to General Contracting Co. for work on the St. Louis approach to the span on a low bid of \$11,736.

Other bids were \$14,292 by the Robinson Contracting Co. of St. Louis and \$14,993 by the Alverio Co. of St. Louis.

Sewer Trouble
Mrs. Life Warnhoff, 530 Jefferson avenue, complained during the last heavy rain, sewage backed up through her washing machine located in the basement. It never happened before, she said, attributing it to increased use of the sewer.

She asked that a new trunk line be installed, capable of handling such sewage, a trunk line which would separate sewage from storm water. Edward J. Davis, city consulting engineer, said it would cost \$200,000. Mayor Lee said a bond issue referendum would be required.

Mrs. Warnhoff was advised to install control valves on her facilities.

Mrs. Warnhoff also reported that some residents are throwing garbage into alleys. Mayor Lee said he would try to get the city ordinance against residents of the city, but that it is difficult to enforce.

He said it requires the cooperation of all residents to prevent a situation which becomes particularly foul in the summer.

Fire Collage
The council approved a request to send four firemen to Illinois. Fire collage, to be held through Thursday at Claymont, with each to receive \$200 for expenses. They are: Lloyd Blumenthal, Harold Koelker, William Meehan and Chief Mel Lesterman.

A request by the New Salem Baptist Church on Port Island, to solicit funds throughout the city to finance purchase of land for a new church, was approved. The church will be closed, as it is in the path of a new highway to be constructed.

A police report for May showed 82 arrests, including 52 which resulted in fines totaling \$200. Building permits were approved for: Wilbert Matthews, 421 Weaver street, for a four-room frame house at that address to cost \$6000, and for Norman Kinder, 1929 Rhodes street, a garage costing \$300.

Mrs. Edna Miller, Wife Of Madison Fire Chief, Dies

Mrs. Edna Catherine Miller, 57, of 1327 8th street, Madison, wife of Edward J. Miller, Madison fire chief and city commissioner, died at 8:05 p.m. Friday at Lutheran Hospital, St. Louis, shortly after she arrived there. She had a heart condition.

She was born in St. Louis, and lived in Madison since 1928. Other survivors include a daughter, Mrs. Thomas (DeLores) Brunice, Madison; a brother, William Eliebrecht, Pine Lawn, Mo.; two sisters, Mrs. Mildred Hinnah and Mrs. Bernice Smith, both of St. Louis; and two grandchildren.

Services were held at 10:30 a.m. today. Interment was in Calvary Cemetery. An obituary notice appears elsewhere in this issue.

GC Council Chairmen To Meet This Evening

Budget matters, a motor fuel tax, street improvement, priority listing, pollution abatement and new state legislation are expected to be major topics at tonight's meeting of Granite City council.

Charles W. Moerlein, chairman of the Pollution Study committee, said his group has been conferring with bonding firms and will continue interviews this week. At least six engineering proposals are expected.

Moerlein said the committee probably will not be able to submit recommendations at the June 17 council session for the employment of an engineer, bond attorney and fiscal agent.

There is still much work to do. We've got to look into the matter of financing the project, and there is a possibility the treatment plant project might require another referendum," he said.

Fire Collage
Mrs. Gabrielle Beliner, chairman of the Legislation committee, said she has sent copies of Council's initial report to all alienation for expenses. They are: Lloyd Blumenthal, Harold Koelker, William Meehan and Chief Mel Lesterman.

A request by the New Salem Baptist Church on Port Island, to solicit funds throughout the city to finance purchase of land for a new church, was approved. The church will be closed, as it is in the path of a new highway to be constructed.

Venice Firemen Battle Blaze On Merchants Bridge

Venice firemen walked nearly a half mile to a blaze about 2,400 feet from the bridge on Saturday afternoon. They fought the fire for about 30 minutes. The blaze was caused by a car that had overturned on the bridge.

Fire Chief Michael Leatherman said the volunteers were at the scene 90 minutes. He estimated the loss at \$1000 and said rail traffic was tied up for nearly three hours.

It is believed a cigarette caused the blaze which damaged the bridge deck and the bridge approach in Venice.

About a 20-foot section of the bridge was damaged. Leatherman said the blaze was quite similar in the one of the Venice-owned McKinley bridge about a month ago—except for the long walk.

At 4 p.m. the firemen went to extinguish a fire inside a shed at the home of Van Leonard, 339 Mercedes street. The blaze damaged several boxes in the building and it is believed the fire was touched off by children who were playing.

There was no loss to the shed.

The Madison Civil Defense exercise conducted Saturday afternoon was termed very successful, the best in five years," by Harry Johnson, CD director. About 100 persons assisted in clearing up a "disaster" caused by a mock bombing and tornado.

Johnson credited new radio equipment for much of the success. James Clem was in charge. He said messages were received by radio in a mobile unit at the base station at the Madison city hall, sent by walkie-talkie at St. Elizabeth Hospital.

The radio team headed by James Lee tested the city for radio-activity within 45 minutes after the mock bombing. Main damage from the tornado was centered at 14th street and Madison avenue where three ambulances responded. Two took victims to the hospital, and others were taken to a field hospital in the Madison Memorial recreation center. The location was secured at 3:10 p.m.

The tornado operation was completed within an hour. A disaster at St. Mary's school was under control with all casualties removed at 3:15 p.m., and casualties at the Madison junior high school were removed by 3:30 p.m.

Weary Warriors Settle For Second Place At Peoria

STAND UPI signals Glen Hoffman (36) and Warriors teammate Bob Ketter crosses plate with second GC run in first inning of semifinal game against Lockport. Both runners scored on pitcher Terry Kofahl's two-out single against loser Chuck Ballentine who brought home the game. Plate umpire is Gene Lash of Danville. Porters' catcher Mike Murawski waits for belated relay throw.

Maine West Wins Its First Prep Title By Turning Back Granite City In Finals, 3-1

They almost pulled it off, but not quite. Fighting odds which included injury to a key player, a skull-baking sun and a tight tournament schedule, Granite City high school's "comeback kids" had to settle for second place Friday afternoon at the state baseball tournament at Peoria.

Coach Joe Fedora's weary crew, after downing Streator Bulldogs 8-3 in the opening round Thursday evening in the only game of the tournament which went extra innings, simply ran out of gas in the championship contest which followed almost immediately, and a fine Maine West club from the Chicago suburb of Des Plaines carried off its first state trophy, 3-1.

The Chicago area club rode to the title on the strong right arm of little Art Allen, who checked out better against home town Peoria Central Thursday. He pitched one inning in relief Friday morning in the only game of the tournament which went extra innings, and then relieved a string of pitchers in the fourth inning of the championship game.

Kofahl Nearly Collapsed On Mound Friday From Effects Of Heat, Sun

By Ben Henkey
So you think it was hot in Granite City Thursday and Friday? Well, it was hot in Peoria, Ill., where the state baseball tournament was held Friday afternoon.

Warrior baseball players, perhaps pitcher Terry Kofahl in particular, could give you a good argument that it was hot here in comparison to the temperatures on the Bradley University baseball diamond.

"I came pretty close to passing out a couple of times," Kofahl related, "concerning his pitching appearance against Lockport Friday afternoon. Right out on the mound, I got dizzy and weak in a couple of innings and nothing seemed to help."

Warrior chances suffered an early setback in the second inning of the first game against Streator Thursday when catcher Marty LeVault sustained a shoulder strain in a collision at home plate with a Bulldog baserunner who was on the front foot of an attempted double steal.

of the game. Kofahl then singled to right, diving in two more in aiding his own cause. Lockport picked up an unearned run in the first. Granite City expanded its lead to 3-1 in the top of the fourth inning. Taylor singled off the second baseman's glove and Kofahl got his second hit, a double to right, with Taylor stopping at third as the ball was nearly caught. Larry Dillard hit a long sacrifice fly to center to score Taylor, with Kofahl moving to third, and Ballantine unearned a wild pitch to score his opponent.

Insurance Run
Lockport closed in with two in the fourth and one in the fifth. But that was it as Papp pitched his way out of two jams, and the Warriors got in the sixth when, with two out, Dillard walked. Lee singled to right and Dillard scored on an error at third base. Maine West moved up to the fourth in a 9-7 win over Danville in eight innings. The big blow of the final game was a pinch-hit triple by Bob Nease.

Papp Fans 12 Thursday
Wild in the early innings and in the seventh, but effective with a good fast ball when he had to be, Papp cut down 12 Streator batters on strikes in GC's first appearance on Thursday afternoon.

And the Bulldogs, who certainly did not reach the final playing the loose brand in this contest, failed to back a respectable pitching effort by big right-hander Bob Williams.

They committed five errors, every one of which figured in the three scoring innings by the Warriors, who did not plate an unearned run although they netted the ball solidly and collected 10 hits.

Papp's wildness, almost offset by his strikeout efforts, led to two Streator runs in the third which broke a scoreless tie.

Giesholt Plates First Run
After fanning Williamson and Jim Mohan, who went down swinging three times before the afternoon was over, Papp issued two-out third-inning walks to Randy Moore and Bill Ahearn.

Otto Giesholt followed with the longest hit of the game, a two-run triple, and the Warriors were in the hole.

The tide turned quickly in the bottom of the third. Rich Lee was safe on Ahearn's bobbie at short and Glen Hoffman's single put runners at first and second.

Terry French fired out, but Bob Ketner delivered a two-out single and Lee beat Jack Douer's strong throw to the plate.

Bob Karandeff then plated Hoffman with the third hit of the inning and, when Jerry Arenz bobbled the ball to left, Ketner was also scored. The Warriors were ahead to stay, 3-2.

Two-Out Attack
They batted nine men in the fourth inning, a three-error nightmare for the Bulldogs, with the damage again being done after two were out.

Dick Frizzell walked and Lee delivered another single. Tomman's boulder to short had returned the side, but Ahearn, who had three errors

Hearts Split, Pocahontas Trips Mercer In I-C Play; St. Clair Stretches Lead

St. Clair Heating of East St. Louis pounded on toward a championship in the Blue Division of the Inter-City Baseball League Sunday, sweeping a doubleheader with the Alton Flyers to put more daylight between itself and the other four clubs in the loop.

St. Clair gained on second place Pocahontas, although the Braves won their single game from Mercer Funeral Home of Granite City, 6-2. The heating company club ran up a 19-8 score in the first victory over Alton and won the second game by a big margin, too, 11-5. Third place Mercer fell to the 300 mark with a 3-3 record. St. Clair is undefeated in nine games.

Sunday's other doubleheader saw Sacred Heart and Maryville split in free-swinging activity at Wilton Park. The Hearts took the first game 11-9, but fell 15-14 in the second when the Sox pulled through with four runs in the ninth inning.

Moore Moves To First
Making the biggest move during a long hot afternoon was Moose Lodge No. 4 of East St. Louis, whose 7-4 victory over Collinsville put the Moose in first place in the Red Division.

Collinsville fell to a tie for last place in that division with Troy, a 7-1 victim of Carpenter.

The Hearts pounded out 14 hits in their first game victory, with Jack Buente going all the way.

Only one run could score on French's single with the bases loaded, but then Jerry Arenz misjudged Ketner's fly to left and two more runs scored when he dropped the ball.

The Redmen got their final run—also a gift—in the sixth. Lee smacked a leadoff double just inside the third base bag.

Hoffman got on base for the third straight time via a walk. Ahearn, who by this time must have been wishing he could dig himself a hole on the batted infield and hide, booted French's grounder, allowing Lee to score.

Streator Run Unearned
That gave Papp an 8-3 lead, the Streator line having scored its last run in the top of the sixth on Ahearn's flyball double which Bob Karandeff misjudged for a moment in center.

Papp's wild throw into center on an attempted pickoff at second, and Karandeff's bobbie which Ahearn used to cross the plate from third.

The five-run margin was plenty, although Papp faltered in the top of the seventh, walking the bases loaded with two men on.

He ended on his complete-game effort on a note of poetic justice by striking out Otto Giesholt, who had tripped in the runs to give Streator a 2-0 lead in the third.

way to pick up his first pitching victory of the season, despite allowing 13 Maryville safeties. The Hearts jumped away to an 8-5 lead after three innings, and held it. Les Mueller started for the Sox, and was relieved in the third by Jerry Dill.

Sacred Heart wasted a 23-hit attack in the second game, including homers by Jim Reiter and Jim McKeehan. Rich Sauger, Roger Summers and Russ Semanish poled four-batters for Maryville, which staged a seven-run comeback in the seventh after the Hearts had pulled away to a 12-4 lead after five.

John Reiter, who had been relieved in the ninth by Manager Paul Schuler, Bill Johnson started for the Sox, gave way to Ron Kubicek in the fourth, and Terry Brown finished up and was the winner.

A five-run seventh inning by Pocahontas spelled defeat for Mercer. The Braves handed the loss to relief pitcher Dick Partell, who took over from Bob Vetter in the sixth. Dave Rommelskirchen pitched six-hit baseball, giving up single Morcyer runs in the second and third.

longer break between its final two games, Granite City missed getting one by two hours, which was the time elapsed between the finish of the championship game under clear, hot skies and two more runs scored when he struck Peoria and would have forced postponement of the final until at least Saturday.

Among eight seniors on the GC ballclub who gladly missed Friday night graduation ceremonies here was class President Terry French. Other graduates who got their diplomas late were Charlie Papp, Al Taylor, Jim Cavanaugh, Terry Kofahl, Glen Hoffman, Bob Ketner and Dick Frizzell.

The toughest job faced by the Warriors Friday was probably the walk across the diamond after the game to shake hands with jubilant Maine West players. More than one tear mingled with the sweat on the faces of Warrior players as co-players French and Hoffman accepted the runner-up trophy a few moments later. "This is a real bunch of gentlemen," said downcast Fedora. "Their parents can be proud of them; their conduct on and off the field was tops."

Bad luck is sometimes the name used to cover up poor management.

Hollis Wins Feature At Speedway

Dave Hollis of Granite City pushed his modified car to victory Saturday night in the wind-up feature race at Tri-City Speedway, and also turned in the night's fastest qualifying lap time and won a modified heat race.

Bob Putterbaugh and Chuck Lynch were the 2-4 finishers in the final event, while GC's Wil Spaulding won the handicap event for the night's fastest qualifiers.

Putterbaugh, Bill Meyer and Clarence Corbin were also modified class heat race winners. In the semi-feature events for modified cars, Chuck Lynch came first, followed by Hollis and Gene Hanner.

Bud Pursley won the fender-bender class feature, with George Gruenfelder second and Dick Cunningham third. Jim Dill and Gruenfelder won fender heat races.

Spills, Injuries
There were several spills and flips during the hot evening of racing. Tom Williams of Roxana smacked the wall and Clarence Buewheeler of St. Elmo crashed into another machine on the track. Both drivers were treated at St. Elizabeth Hospital. Spaulding's car cartwheeled down the straight-of-way during a modified race, but the driver was apparently unharmed.

2nd Baptist Nips MBC In Classic Win

Second Baptist remained undefeated in the park district's Classic league's B division Thursday evening by nipping Madison Bowling Club 2-1 in a duel between Norm Grote of the Baptists and Jim Vinson of the Bowlers.

The second game between the Granite City Oilers (1-1) and Union Starch (0-2) was blacked out on account of light failure. It will be rescheduled.

Second Baptist averted a one-point loss in the last of the seventh as Gary Dacus, who led off with a single, came home on a one-out single by Dewey Milton. Bob Rains singled in between them.

The winners, now 4-0, scored first in the fourth when Rippey led off with a single, went to second on an oversteal third and came in on a hit by Pete Robinson.

Madison Bowling tied it in the fifth on singles by Joe Linhart and Bill Duncan and a double by Bill Curry. It was the third loss in four games for the Bowlers.

Grote gave up four hits and Vinson was touched for six. Behind the plate were George Sykes for Second Baptist and Rob Kraus for Madison Bowling.

A Raw Water Sample Heads For the "Torture Chamber"

It's our job to know all there is to know about water. And in unlocking its secrets we literally take it apart and put it together again. In a scientific sense, we give water "the works." That's why every drop of water that flows from our lines is pure. Our chemists check and recheck its purity, color, taste, and odor before it is sent on its way to you. This sample of raw water will provide us with valuable clues on how to best treat it for your use. The "manufacture" of pure water calls for constant alertness.

CD Council To Discuss Emergency Hospital For GC

Acquisition of an emergency hospital, worth about \$250,000, will be a topic at a meeting of the Granite City Civil Defense Advisory Council this evening.

CD Director Victor Koenig will preside at the council's second meeting to be held at 7:30 p.m. in the CD building at 1411 Ninth street.

Koenig said the local CD unit has an opportunity to secure a 20-bed emergency hospital, provided adequate storage facilities can be found and acquired. The

storage also should include refrigerated space for medicines. Granite City is one of few areas in the state designated as qualified for the emergency facilities. They would include complete operating equipment, beds, generators and full hospital equipment which could be placed in the tents that also would be furnished.

A similar setup is on display at Swansea and recently was inspected by Koenig and Sister Mary Thomas, hospital administrator.

When Your Friend Asks You To Be His Executor

By DONALD B. HAYES
Trust Officer, Granite City Trust and Savings Bank

Your friend, Frank Donohue, says he'd like to come over to your house for a minute to ask you something important.

You wonder what a question can be so important he feels it must be face to face. But of course you say, "Come right over."

He's a little nervous when he comes in. After the small talk, he takes a big breath and says, "Fred I've come to ask you if you will be my executor."

Why you? That's easy. He is saying that you are the one he would pick to take care of his family... after he can no longer do it himself.

HAYES: A greater honor you can hardly imagine. But it is an overwhelming responsibility. We have discussed the bare duties of an executor before. But today, it's a picture of what they can do to your life.

First of all — you probably make a quick mental estimate that this would take some of your time for perhaps nine months. Right away. If there is anything unusual about your friend's financial life (a large estate, a financial life in 1971)... plan on two and a half years to execute his will completely.

Now that could be pessimistic and you might have it all finished in nine months. But the increasing complexity of tax laws, court procedures... and probably your friend's financial affairs... count on a long stretch of part-time work.

You should spend some time becoming familiar with the will and his intentions; and the time to time any changes in his holdings.

If he should die, you must execute his will; your two big jobs, of course, and to pay his bills, including all the taxes... and then to distribute his property or assets the way he wanted them handled.

Now, to do this properly... and here's the catch... you're no longer responsible to your friend, Frank Donohue; as official executor you're now responsible to the probate court to do this job properly. This means you cannot lose money for the estate through negligence.

NOTE: For financial assistance or banking service, you are cordially invited to call Mr. Donald B. Hayes, or any of the other officers at Granite City Trust and Savings Bank, 1909 E. Adams.

Hours: 9:00 to 1:00—Monday thru Friday 9:00 to 1:00 and 4:00 to 7:00 Telephone — Triangle 6-1212

Suppose you sell some securities to the estate to pay off some taxes, but you sell them when the market is on the wane... so that you therefore diminish the estate considerably. You are no longer accountable to your good friend, Frank, who would surely understand how a man could make such a bad move under pressure. But you are now accountable to a group of Frank's relatives, who may not know you from Adam... except that they now consider you a bungling incompetent, naturally.

And they may attempt to prove this in court, making you liable for the amount of value lost to the estate.

It might say... well, that's simple. I will hire professional, to run the estate. Fine; and you know you will do just that... but you're the one responsible. Anyone who hire to work on the estate is not the executor... it's you.

If Frank Donohue has a business which will be part of the estate, consider what kind of business it is, when you're answering his question. Is it one you know anything about?

It becomes important as executor to have your friend make you aware of any obscure debt he has, or claims against him... of the type which don't come visible until after a man dies. The point is... if you as executor... overlook some claim which comes in long after you've paid out all the estate assets... you may have to pay it yourself.

Money that stands up to be counted

A lot of Communist eyes are watching the financial strength of our government and of our people like hawks. That's because their leaders have said they would "bury us" economically—and they're waiting for it to happen.

It must be a continuing disappointment to them that, year after year, U.S. savers put or leave so much of their savings in the hands of our government, in U.S. Savings Bonds.

This stake that Savings Bond

owners now have in the strength of our country is more than \$45 billion—an all-time high.

And because savers can get their money back, with accumulated interest, when they need it, that's financial strength for millions of U.S. savers and their families.

Your dollars in Savings Bonds do stand up to be counted—by freedom's friends and foes alike—as a measure of the strength of our country and our people.

Help keep yourself and your country strong by regular buying of U.S. Savings Bonds, through the Payroll Savings Plan where you work, or from your bank.

Quick facts about U.S. SAVINGS BONDS

- You get \$4 back for every \$3 when your Bond matures • Your Bonds are replaced free if lost, or destroyed • You can get your money anytime • You can save automatically on Payroll Savings.

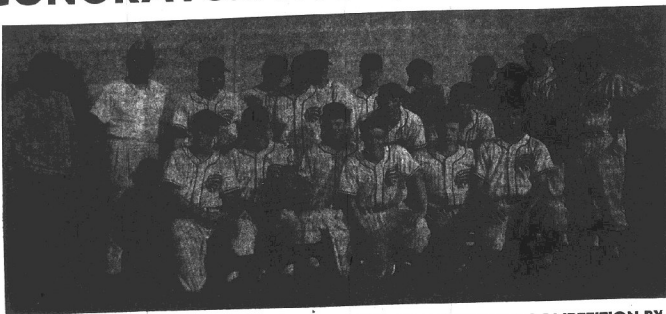

Keep freedom in your future with U.S. SAVINGS BONDS

Pre-Teen Girls Division Established At YMCA

The YMCA has announced this week the development of a girls' division of its youth department.

The renovated and newly-decorated facilities situated in the youth department area are designed to offer pre-teen girls space and facilities especially suited to their needs and special activities.

Formal opening will be from 3 to 5 p.m. Wednesday. All interested girls and their mothers are invited to attend, inspect the facility and meet the personnel. Information will be available on program activities especially for girls which will be offered during the summer school vacation. Refreshments will be served.

Heading the pre-teen girls department is Mrs. Kenneth "Bobbie" Reagan, 2520 Hendrick street, Mitchell. She is the mother of a seven-year-old son and has had experience in volunteer work, especially as a volunteer in her church.

The "Y" plans a variety of summer activities for area residents. Those available to pre-teen girls include swimming lessons for all degrees of skill, including a learn-to-swim class for junior high school girls, classes in judo, exercise and form-fit, classes, badminton, aerobics and tumbling, gymnastics, arts and crafts, cooking, sewing, story hour for the young set and games.

The program is designed to teach new games and activities which will make the summer more enjoyable. Special hours are set aside during which neighborhood groups may reserve the swimming pool or gym for their own use. A call to the youth department a week in advance should reserve most available hours.

C. A. MacMillan, executive secretary of the YMCA, said that "the development of a special department and the provision of an additional staff member is the logical outgrowth of increasing membership of pre-teen girls as a particular group and of the youth department as a whole."
